

**RESIDENZA F TWO-BEDROOM PALATIAL SUITE**

This utterly outstanding Residenza is “a dwelling fit for the gods”. It is located on the first floor of the building, also called ‘Piano Nobile’ which traditionally contained the principal reception rooms of the house. It was here that, throughout history, nobility was received, entertained and mesmerized. These rooms were meant to reflect and communicate the influence and power of the owner. It was here that the wealth of the family was concentrated and put on display. Residenza F is a living testimony to this - everything is meant to fascinate and impress: rich fabrics by Bevilacqua and Rubelli, original 16th century frescoes, beautifully preserved, period furniture and original Terrazzo floors. In the main sitting room eight monumental windows, four metres in height, open onto a private terraced balcony overlooking St. Mark's Basin. Fresh seasonal flowers can be found around the suite, creating a vibrant atmosphere all year round. Inspired by the refinements of the 16th century, this exceptional suite also offers a very high standard of facilities and state-of-the-art technology. Luxury, comfort, technology and, of course, the legendary warm welcome of the Residenza are presented here in this awe-inspiring Suite.

Two master bedrooms with en-suite bathrooms; large closets, powder room; living room with eight breathtaking North-view windows facing San Marco and eight more facing South onto the garden; custom-designed kitchen and pantry room. North -300m<sup>2</sup> / 3229ft<sup>2</sup>
