

## Papilio, Vamizi Island, Mozambique

### *An African safari lodge by the beach!*

The 'courtyard' design of this villa makes it perfect both for smaller groups or large. There are four spacious en suite double/twin rooms, each with their own private deck and living area, as well as a further two en suite double/twin rooms built as "treehouses", accessed by a suspended walkway. A deck sitting in the tree canopy links the two treehouses; they are very generously proportioned and are wonderful for adults and children alike. The master suite has a large dressing room and generous living area. The other suites are spaciouly located, giving them maximum privacy.

The main living areas, designed to mimic a Portuguese port distillery, consist of a large dining area and two large sitting rooms; one overlooking the beautiful pristine beach, and the other with a lovely open fire for those cooler winter evenings after a day spent on the ocean – cards, backgammon, chess and other games are all available. The dining room also overlooks the beach, and connects to the kitchen and guest bar. The pool is set in a large hardwood terrace with walkways linking it to the main bedrooms and the living areas. On the beach itself is a shaded outside gazebo, providing a perfect place for lazy lunches with the soft sea breeze, or dinners with the moon shimmering off the nearby water.

There are also plenty of different areas in which to lie comfortably in the shade to read, drink cocktails and eat, in addition to the dining room and sitting rooms.

Papilio is staffed with a private chef and hospitality team and has its own 4x4 car with driver. It is equipped with WiFi and iPhone music docking station. Herbs, salads and vegetables are grown in its own garden and flowers and foliage fill the house.

Outdoor table tennis, beach badminton and kayaks are available at the villa for guests, along with the ability to organise fishing, diving, dhow sailing, nature walks, community visits and picnics.
